DELTA II

DELTA ORIGINAL

**NO:** DELTA er en svært behagelig møbelserie med høyt fokus på nettopp komfort og funksjonalitet. Med sin enkle utforming er dette også en veldig anvendelig serie. DELTA er tilgjengelig som 1-, 2- og 3-seter, høyrygget stol, trillestol, hevestol og fotskammel. DELTA tilfredsstillter de fleste krav: avtagbart sete- og ryggtrekk, lavere eller høyere sittehøyde, inkontinensduk, pute på armlener og fylte vangesider. De høyryggede stolene kan leveres med eller uten hodesidestøtte. DELTA serien inkluderer bord med hjul, serveringsvogn og spisebrett.

**EN:** DELTA is a very comfortable range of furniture with a strong focus on just comfort and functionality. With its simple lines this is a highly adaptable series. DELTA is available as a 1-, 2- and 3-seater, high-backed chair, wheel chair, elevating chair and stool. DELTA can meet all your requirements: removable seat and back cover, lower or higher seating level, incontinence sheet, plus cushion on armrest and closed side walls. The high backed chair can be delivered with or without abutment for head. DELTA includes table with wheels, serving trolley and dining tray.

# NEXUS

**Mikael Pedersen**  
Designer

**NO:** NEXUS er et frisk pust innen helse møbler. Her har designeren klart å skape et stramt og nett møbel som tilfredsstiller de høye kravene som helsemøbler har til komfort og funksjonalitet. Dette gjør NEXUS til en svært elegant og nett serie som kan passe inn i et hvert miljø. Serien omfatter 1-, 2- og 3-seter, der alle sitteplasser kan leveres med eller uten nakkestøtte. Åpningen mellom sete og rygg forenkler renhold. Alternative sittehøyder kan tilbys, armleneputer, samt at bekledningen på alle puter er avtagbare.

**EN:** NEXUS is a breath of fresh air in healthcare furniture. The designer has managed to create a sleek and light furniture that meets the high standards that health-furniture has to comfort and functionality. This allows NEXUS to a very elegant and clean series that can fit into any environment. The series includes 1-, 2- and 3-seater, where all seats are available with or without headrest. The gap between seat and back makes maintenance easy. Alternative heights can be offered, cushion on armrest, and removable covers on all cushions.

AWARD FOR DESIGN EXCELLENCE

**NO:** VAD er et selskap basert på virksomhet med røtter 140 år tilbake og 5 generasjoner av gründere. I begynnelsen var virksomheten basert på gamle håndverkstradisjoner, mens dagens drift er basert på industriell produksjon av design møbler.

Value Added Design er tanken som danner grunnlaget for at VAD i dag tilbyr møbler for mange bruksområder, der komfort har sin naturlige plass. Med fokus på anvendelse av og tilpasning til nye teknologier og trender innen design, slik at løsningene får sin plass i globale løsninger.

Siden år 2000 har VAD blitt en etablert møbelleverandør i Skandinavia; med stor lidenskap, fokus på design og høye kvalitetskrav til alle produkter, samtidig som vi skal bidra til et godt arbeidsmiljø med minimalt utslipp fra produksjon. VAD tilbyr dokumenterbar kvalitet. Produktene er testet i henhold til industristandarder i form av styrke og holdbarhet, stabilitet og sikkerhet, kvalitet på materialer og overflatebehandling, samt brannbestandighet.

**EN:** VAD is an evolving company with more than 140 years of business and 5 generations of entrepreneurs. Back on that time, it was a typical factory which originally was formed from old handwork traditions.

Value Added Design has been the base that leads VAD to manufacture furniture for every space, giving simplicity to comfort, always aware of technologies and new trends in design, gives to every space the ideal ambience for global solutions.

Since 2000 VAD has become an established furniture supplier in Scandinavia; Its artisanal passion, its vocation for design and its high quality standards are in every single piece they build, while contributing to a clean working environment with minimal emission from manufacturing. VAD leans on its documentable quality. Its products are tested according to industry standards in terms of strength and durability, stability and safety, quality of materials and surface treatment, as well as fire resistance.
