

# Ada

Design: Atle Tveit & Sverre Uhnger

Ada is a chair series with a wide range of variants and expressions, which can easily be adapted to different situations and environments. The meeting between seat and back is highlighted as the series clearest detail; as if a seat and a back have fused together.

## Recycling

---

All steel parts are recyclable. During surface treatment, degreasing with alkaline washing takes place. After separation, the oil goes for destruction. Varnishing is done electrostatically with epoxy powder that gives minimal pollution. The plastic parts used are recyclable. All padding and frames are made of foam completely without freons. Only water-based and solvent free adhesives and hot melt adhesives are used.
