

Eon

Design: VAD

Simple and elegant was the starting point for the modular sofa system Eon. The different elements can be put together to create great furnishing solutions. The series consists of 2- and 3-seater benches, low back and high back, as well as inside corners, with an optic for gap between seat and back.

Recycling

All steel parts are recyclable. During surface treatment, degreasing with alkaline washing takes place. After separation, the oil goes for destruction. Varnishing is done electrostatically with epoxy powder that gives minimal pollution. The plastic parts used are recyclable. All padding and frames are made of foam completely without freons. Only water-based and solvent free adhesives and hot melt adhesives are used.
