

Zone

Simple, elegant and comfortable are the keywords for Zone. With simple and stylish lines, it is a neat lounge chair that fits into many environments. The gap between the seat and back simplifies cleaning, but also opens up the possibility of a removable seat cover and the attachment of an incontinence sheet.

Recycling

All steel parts are recyclable. During surface treatment, degreasing with alkaline washing takes place. After separation, the oil goes for destruction. Varnishing is done electrostatically with epoxy powder that gives minimal pollution. The plastic parts used are recyclable. All padding and frames are made of foam completely without freons. Only water-based and solvent free adhesives and hot melt adhesives are used.
